MUNEER FAKIH

muneerfakih@gmail.com | +447849243128 | www.linkedin.com/in/muneerfakih

PROFESSIONAL SUMMARY:

Motivated software engineer with expertise in full-stack development, cloud-based solutions, and applications support. Proficient in **C#, Angular, SQL, and Azure DevOps**, with experience building and maintaining scalable software, optimizing backend performance, and developing internal tools. Skilled in SQL database management, data fixes, workflow automation, and troubleshooting complex application issues to ensure reliability and efficiency. Strong problem-solving abilities, collaborative team experience, and a drive for continuous learning, underpinned by leadership skills from competitive sports. Eager to contribute to innovative technical solutions while expanding my software engineering expertise.

TECHNICAL SKILLS

- **Programming & Scripting:** C#, Java, Python, JavaScript, TypeScript, PowerShell
- **Frontend Development:** Angular, AngularJS, React
- **Backend Development:** .NET, Spring Boot, REST APIs, Gradle
- **Databases:** SQL Server 2016+, MySQL, Database Optimization, Data Fixes
- **Tools & Technologies:** Azure DevOps, Git, SonarQube, ServiceNow, Dynatrace, SCCM, Windows Server
- **Concepts:** ITIL-based workflows, CI/CD, Cloud Integration, Secure Coding, Application Lifecycle Management

WORK EXPERIENCE:

The Access Group – Junior Software Engineer *(August 2023 – April 2025)*

- Developed and maintained scalable **Angular** and **C#** applications for products like **PAY360**, utilized by 90% of UK councils for income and payment management.
- Contributed to the **PayCircle product**, a cloud-based payroll platform, implementing features using **AngularJS, C#, and SQL** while gaining **HMRC payroll knowledge**.
- Led **stand-ups and sprint planning** sessions to improve team coordination and project delivery.
- Delivered **new features and bug fixes** to enhance payroll processing for clients ensuring high system reliability.
- Integrated **CI/CD pipelines using Azure DevOps** to streamline deployment and ensure security compliance.
- Performed **SQL database management**, including **issuing data fixes, refactoring stored procedures, and optimizing queries** to improve system performance.
- Managed code versions using Git, ensuring smooth collaboration and deployment.

DXC Technology – Technical specialist *(July 2025 – Present)*

- Provide applications support and lifecycle management for Windows-based and custom enterprise apps, ensuring high availability and ITIL compliance.
- Diagnose and resolve application errors using Event Viewer, logs, and Dynatrace, while automating recurring fixes and patch deployments.
- Collaborate with engineering teams on minor system enhancements and optimizations.
- Create knowledge articles and gain networking/system administration experience while managing high-volume tickets.

Previous Roles:

- **AUG 2018 – AUG 2020 (IKEA WAREHOUSE SUPPORT CO WORKER)**
- **MAY 2021 – AUG 2022 (SAINSBURYS STORE ASSISTANT)**
- **ROYAL MAIL – POSTMAN *(MAY 2023 – AUGUST 2023)***

PROJECTS & ACHIEVEMENTS

Pay360 (Angular, C#, SQL)

- Developed and optimized backend functionality to improve **payment workflows** for councils across the UK.
- Implemented critical features for a widely used income management system.

PayCircle (AngularJS, C#, SQL)

- Contributed to feature development for a **modern payroll bureau solution** while gaining **HMRC payroll compliance knowledge** to ensure industry standards were met.
- Issued **critical SQL data fixes** to resolve payroll processing discrepancies.

EDUCATION:

BSc Computer Science | University of Leicester | October 2020 – May 2023:

- **Achieved**: 2:1 Upper class **with Honours**
- **Relevant Modules**: Internet and Cloud Computing, Software Engineering, Databases, Algorithms, Cybersecurity, Operating Systems.
- **Awards**: Awarded for a successful group project in software engineering.
- **Extracurricular:** Represented the university in football and futsal for three consecutive years.

A-Levels | John Madejski Academy | Psychology (C), Sociology (B), PE (B)
